All of the TIC reports were combined into one report, extracting only the samples on the list.

The spreadsheet is located in

I:\ASQAB_AT Team\dimock rc\R3\TIC results subset

Elaine,

The TIC subset report seemed to work really well. I've asked Sue if we could have a selected set of information pulled from those TIC reports. Sue has the specifics. Let us know if it is easiest to obtain from the TIC report or if we should just create a new spreadsheet.

Thanks again for all your help!!
